2017 BUDGET MESSAGE

RE: Transmittal of 2017 Budget and Budget Message

Dear Honorable Mayor, Municipal Council and Residents:

In accordance with Article XI, Section 1102 of the Monroeville Home Rule Charter, the proposed budget for the Year 2017 is hereby presented for review, discussion and action. Council is required by the Monroeville Home Rule Charter to publish a general summary of the budget as well as time and place of public hearings on the same. The two (2) public hearings will be held on Thursday, October 27, 2016, at 7:00 pm and Thursday, November 3, 2016, at 6:30 p.m. (Council Work Session) in Council Chambers. Copies are available at the Monroeville Public Library, at the Municipal Manager's office, and on the Monroeville website, www.monroeville.pa.us for public review.

Each year beginning in August, staff begins gathering and analyzing information for the ensuing year's operating budget. The 2017 General Budget, as prepared, reflects a decrease of .81% from 2016 to 2017. The slight decrease in the 2017 budget is two (2) fold:

- 2016 revenue accounts capturing monies not considered revenue:
 - Employee health benefit deductions - \$162,000.
 - Federal tax payment for police retirees from Janney Montgomery - \$138,000.
 - ~\$300,000 less transfer from OPEB fund to the General Fund (Discussed further in Budget Message)
- 2016 expenditure accounts not expended:
 - OPEB contribution (\$1,000,000) being calculated twice - once in the expense account for each department and again in the transfer to the OPEB fund.
 - The EIT collection expenditure not expensed due to it being deducted from the wage tax proceeds from Keystone Collection Services.
- In addition, the Fire Relief Funds received from the Commonwealth each year (2017-\$197,649.07) and forwarded to the Monroeville Fire Relief Association will be shown as a "pass-through" of Revenue/Expenditures of the General Fund.

Even though this approximate net reduction in the 2017 General Fund Budget of \$256,325 as compared to the 2016 budget is a slight .81% decrease from the previous budgeted year, Council and the general public must recognize that certain expenditures

are continuing to weigh on the budgeted expenditures. Those being health benefit premiums (8.5% increase), pension obligations and OPEB (Other Post-Employment Benefits) funding. Another significant expenditure that is becoming more problematic, as mentioned last year in the 2016 Budget Message, is the repair of an aging infrastructure (i.e. roads, bridges, storm sewers). These are long-term expenditures which are financed through the Capital Improvement Program (CIP). These long-term assets are in eager need of repair or replacement. This dilemma cannot be emphasized enough! These rising expenditures, along with maintaining staff levels, add to the fixed costs of the Municipality. The operating budget proposed spending level of \$31,398,718 for 2017 is summarized as follows: amphetamine

BUDGET DEVELOPMENT DISCUSSION AND ANALYSIS

Even though the Municipality of Monroeville and the vast majority of municipalities and cities across the Commonwealth have fiscal challenges, Council and Staff are taking steps to meet these challenges. The steps that Council and Staff will be taking to reduce expenditures and increase revenues are outlined in the ensuing Budget

Message. A few of those challenges facing Monroeville and other communities in the Pittsburgh area as well as the Commonwealth are stagnant revenues and rising costs.

Significant monetary events for 2016 are the completion of negotiations of the four (4) year union labor contracts, which includes the Act 111 Police Interest Arbitration Award; the changing of the health benefit insurance carrier to reduce cost, the shared-purchasing of street cameras to enhance municipal security, and a noticeable increase in commercial development.

One of the main recent past fiscal challenges for Monroeville was to overcome the habit of utilizing the fund balance to make up for revenue deficiencies. **The 2016 budget called for a utilization of the fund balance of \$740,588, which I am pleased to report, is not necessary barring any unexpected expenditure(s).** Council adopted a policy to maintain a minimum 10% unassigned fund balance, but much work needs to be done with respect to the fund balance, which will be further discussed.

As mentioned above, the infrastructure of the Municipality—roads, storm water pipes, traffic lights, parks & recreation assets, vehicles, buildings, etc. --- is aging. It is critical that these deteriorating assets of the Municipality are addressed in the very near future. The deterioration of these capital items will only get more expensive as time passes. Also, the ill effects of this problem will result in decreased property values and population, and the overall quality of life in the Municipality. In 2014, the approach that I recommended to Council for the Five (5) Year Capital Improvement Program (CIP) was to begin to transfer \$1 million from the General Fund to the Capital Improvement Fund. This approach would replace the policy of exclusively financing capital items through bond issues. This strategy would retire existing debt without having to incur new debt and enhance the Municipality's bond rating. Staff began steps to implement this policy in 2015, but the \$1 million transferred from the General Fund to the Capital Improvements Fund in the future will not prove adequate to address these needed improvements. An adequate steady stream of income to update fixed assets is needed.

Also, it must be recognized that the Municipality did not pave any miles of roads this year. The Capital Improvement Plan could not sustain it! In lieu of paving, the Municipality adopted a road preservation program which entailed a tar & chip and FOG seal program. A fog seal is a light application of a diluted slow-setting asphalt emulsion to the surface of an aged (oxidized) pavement surface. Albeit, this is a sound philosophy in extending the life of some roads that otherwise would not receive attention; it is still an indicator that the Capital Improvement Program is in dire need of funding. That is why I am recommending to Council to seriously begin considering a 1 mill general property tax increase (\$2.3 million/year) to be used exclusively under ordinance for the Capital Improvement Fund. This will afford the community of a steady stream of funds for roads, vehicles, traffic lights, and parks/recreation maintenance.

Another continuing fiscal challenge of the Municipality is the legacy cost for retirees. These are in the form of pension obligations: retiree health benefits and life insurance costs. As employees retire, this expense continues to increase. The projections are for it to increase for the next ten (10) years before it levels-off and begins to decrease as those employees who do not have this benefit retire. A significant number of employees have retired in recent years, and in addition to pension commitments, were also eligible for post-retirement health benefits. Currently, the Municipality pays health care for 106

retirees and 122 active employees. Moreover, beginning in 2014, pension obligations were added to the liabilities of the Municipality's balance sheet pursuant to GASB Nos. 67 & 68 (Governmental Accounting Standards Board) pronouncements. Placing pension obligations on the balance sheet of municipalities across the country will affect their bond rating; and hence, the rate and capacity of the bonds they issue. Further, in 2015 GASB statement 74 & 75 mandated that OPEB liability to become part of a local government's balance sheet, which further increases reported financial liabilities and bond ratings. This is further detailed in the Budget Message.

REVENUE DISCUSSION

Budgeted revenue comparisons for 2017 and the previous year are presented in summary and in detailed form under other sections of this budget document. A summary comparing major revenue categories in the 2017 Budget versus the 2016 Budget is as follows:

REVENUES	2016 Budget	2017 Budget	CHANGE	\$ CHANGE

The three (3) most significant components of current revenue continue to be taxes which include real estate, earned income tax, local services tax and business taxes (mercantile and business privilege). Together, the taxes will account for \$24,110,080 or about 77 (%) percent of the Municipality's revenue generated in 2017. In 2017, one mill of real estate tax should generate approximately \$2,242,500 in outstanding revenue. Usually, 97%-98% of real estate tax is collected. The proposed 2017 Budget maintains the current municipal earned income tax rate at 1.5 percent, the current business privilege tax rate at 4 mills with a 100 percent calculation basis, and the current municipal mercantile tax rate at 1.5 mills wholesale and 1.75 mills retail.

Revenue Assumptions

- Real Estate Tax:** Under Pennsylvania state law the last county-wide reassessment is the base year. Allegheny County's last county-wide reassessment was in 2013. All values represent the estimated base year market value of the property as of January 1, 2013, unless otherwise updated due to permits, appeals, corrections, flood loss or catastrophic loss. Base year methodology allows similar homes to have similar

assessments until the next county-wide reassessment. The recent assessed valuation history (expressed in thousands) is as follows:

2012 -- \$2,061,651

2013 -- \$2,452,199

2014 -- \$2,386,864

2015 -- \$2,389,470

2016 -- \$2,332,755

2017 -- \$2,336,937 (July 1, 2016, for budget purposes)

- Difference 2016 to 2017: \$4,182

- **The real estate tax is proposed to remain at 4 mills.** The real estate tax will produce close to \$9 million in property tax revenue for 2017. **2017 Budget: \$8.8 million. Projected increase \$77,000.**
- **Earned Income Tax (EIT):** Keystone Collections Group collects Earned Income Tax for the Allegheny County Southeast Tax Collection Committee in which the Municipality of Monroeville participates. **2017 Budget: \$7.1 million. Projected increase: \$180,000.**
- **Mercantile and Business Privilege Tax.** The Mercantile License Tax is for wholesale and retail vendors, or dealers in goods, wares, and merchandise, and operators of restaurants, and any other places where food or beverages are sold. All other persons doing business within the Municipality, primarily service providers, but not limited thereto, are subject to the Business Privilege Tax. These two (2) business taxes are self-assessing. Without audit procedures in place, there is no guarantee if and when a business will make payment or if the payment will be accurate. The economic climate nationally and locally impacts the decision when preparing the budget. With so many variables, determining future tax collections is challenging to gauge. Monroeville continues to be blessed with a strong business corridor within the Western Pennsylvania region. It must be noted that since the audit program was rejuvenated in September 2014, business tax collections have increased substantially. The increase in 2015 was not expected to continue in 2016, but as indicated below, has leveled off to a higher trend of regular business tax collections than in previous years:

	August 31, 2015 Actual Collected	August 31, 2016 Actual Collected
Current Business & Mercantile Tax INCREASED 7.73% \$470,000	\$6,072,724	\$6,542,067
Total current and Delinquent Business Tax INCREASED 3.44% \$236,900	\$6,885,394	\$7,122,285

2017 Budget: MT: \$3 million (\$150,000 increase)
BPT: \$3.225 million (\$40,000 increase)

- **Delinquent Business Privilege and Mercantile Taxes** – As mentioned, the Tax Office audits the gross revenues of businesses in the Municipality for these taxes. The Tax Office will continue to uncover delinquent and unfounded Business Privilege and Mercantile taxes, which will prove equitable for all business owners in the Municipality. Listed below is a representation of the increased delinquent and current collections for this tax:

		Dec. 31, 2014 12 month actual	August 31, 2016 8 month actual
Total Current and Delinquent Business Tax			
INCREASE	\$1,046,890	\$6,075,395	\$7,122,285

2017 Budget: DMT: \$60,000 (\$10,000 increase)
DBPT: \$375,000 (\$75,000 increase)

- **General Fund Reserve** –The 2016 Unassigned Fund Balance is estimated at \$8,475,221. It has to be noted that this additionally represents monies owed from other funds to the General Fund and not precisely cash on hand in the General Fund, which is estimated to be ~\$4,800,000. This is an increase from the 2015 fund balance of \$700,000. However, the 2017 fund balance is estimated at \$4,842,548. Over the past two (2) years, the Fund Balance of the General Fund has grown healthier. Even though \$504,262 has been budgeted for utilizing the 2017 fund balance reserve, it will be minimized by transfers from the OPEB Fund which will be discussed further in the budget message.

EXPENDITURE DISCUSSION

Expenditure comparisons for 2017 and previous years are presented in summary and in detailed form under other sections of this budget document. A summary comparing major expenditure categories in the 2016 Budget versus the 2017 Budget is as follows:

EXPENDITURES	2016 Budget	2017 Budget	% CHANGE	\$ CHANGE
TOTAL GENERAL GOVERNMENT	\$4,218,933.29	\$4,058,977.11	-4.02%	-169,956.18
TOTAL PUBLIC SAFETY	\$11,799,597.72	\$12,567,494.33	6.59%	777,396.61
TOTAL PUBLIC WORKS	\$7,004,997.46	\$7,205,556.09	2.87%	201,058.63
TOTAL HUMAN SERVICES	\$2,649,952.48	\$2,585,506.74	-2.43%	-64,445.74

TOTAL TRANSFERS	\$2,000,000.00	\$1,000,000.00	-50.00%	-1,000,000.00

TOTAL CABLE TV	\$257,493.46	\$246,278.03	-4.36%	-11,215.43
TOTAL DEBT SERVICE	\$3,245,409.37	\$3,170,393.75	-2.31%	-75,015.62
TOTAL	\$31,655,043.01	\$31,467,718.08	-2.00%	-635,707.72

Some key areas of expenditures are as follows:

- Monroeville Code** – This is an ongoing \$18,200 project from 2015 to update the Municipality of Monroeville’s Code. The Code of the Municipality of Monroeville has not been updated with changing legislation since 2008. Ordinances have been adopted, but have not been codified through the Municipality’s publisher: General Code Publishers. An update was started in 2010, but stalled due to the changes in administration and Council. The Code Book and online version of the code is the “Bible” of a municipality for guidance and reference to the “Law of the Land.” **Remaining Estimated cost: \$6,450**
- Right to Know Officer Assistant (Part-Time), \$15,000** - This is a new part-time position created due to the increase in Right-To-Know (RTK) requests. Under Act 3 of 2008, The Right To Know Law, requests for municipal records has soared. The Municipality has received 174 RTK requests in 2015 and 143 so far in 2016. The Human Resources Director is also the Municipality’s Right-to-Know (RTK) Officer. It has become increasingly difficult for the Human Resources Director to perform the main duties of his position with the significant increase in Right-to-Know requests. This position will assist the RTK officer in research and general administration of RTK requests. This addition will assure to keep the Municipality in timely compliance with the Right-to-Know Law and preserve transparency in our local government.
- Health Benefit Premiums** – Health benefit premiums for employees and retirees will increase 8.5% in 2017 from our current carrier, Highmark. In 2015, Staff evaluated Requests for Proposals (RFP) from four (4) different brokers. The successful broker was Municipal Benefit Services (MBS) who closely mirrored the current benefits pursuant to the Collective Bargaining Agreements (CBA) with the four (4) labor unions. Staff saved over \$500,000 in premium increases for 2016 by switching to MBS. **The health benefit premium increase equates to approximately \$93,102.**
- Comprehensive Plan Update:** The Comprehensive Plan (CP) of a Municipality is the master plan of how the community will prosper. It is a vision of how the residents, elected body(ies) and staff want to see the community develop. It lays a plan for economic development, land use, traffic patterns, roads, housing and recreation to name just a few of its categories. The last update to Monroeville’s Comprehensive Plan was in 2005. A sound policy is for municipalities to have the plan updated every ten (10) years at a minimum. A periodic update prevents the plan from becoming obsolete with respect to the developments in the community that are out-of-sync with the current CP, and also an update to a CP is less expensive to shoulder than a complete revision to the CP. The Municipality along

The 2016 Capital expenditures (from Bond Issue):

• DEP Recycling Grant	\$27,778
• Led Street Light Grant (DQE)	\$11,000
• Three (3) Police Interceptors	\$111,000
• 2016 Mack Truck	\$190,000
• Vehicle Repair Lift	\$17,000
• Portable Lift	\$44,222

2016 Total **\$401,000**

2016 & 2017 Capital Expenditure Grand Total **\$1,608,405**

The continued vehicle leased payments will be paid from the \$1 million general fund to the Capital Improvement Fund are as follows:

- Vehicle Lease Payments-**\$318,906**
 - The vehicles currently being leased are:
 - 2015 Seagrave Custom Pumper \$600,000
 - 2015 EVI / Metro Rescue Command Truck: \$500,000
 - Seven (7 police vehicles) \$222,441
 - Four (6) Public Works Vehicles: \$510,773

Total Vehicle Assets Leased: \$1,833,214

- **Total Capital Expenditures for 2016 and 2017:** **\$1,608,405**
2017 Lease Payments: **\$318,311**
Grand Total: **\$1,927,311**

Remaining Capital Funds December 31, 2017: \$109,801

*These capital expenditures do not take into account the possible significant capital expenditures of the rehabilitation of Ramsey Road and Red Oak Court.

- **Funding for Other Post-Employment Benefits (OPEB):** The Municipality wisely began in 2009 setting aside funds to address OPEB costs (retiree health and life insurance premiums), which are now disclosed in the Municipality's financial statements. The OPEB Trust Fund has a total reserve of approximately \$6 million. The actuarial annual obligation to the OPEB Trust Fund for 2017 is approximately \$2.4 million. If the Trust Fund is not annually replenished pursuant to the OPEB Actuarial Valuation Report (AVR), it will greatly affect the ability of the OPEB Trust Fund to pay the obligations to retirees in the future; and in effect, means the obligations will have to emanate from the General Fund at some future date. If prefunding is not an option, the General Fund will have to meet the OPEB obligation in the future through a common financial concept referred to as pay-as-you-go.

The Municipality has a policy of transferring \$1 million to the OPEB fund at the end of the second quarter each year (July 1st). However, quarterly period transfers to the General Fund for retiree health benefits will discontinue. Instead, the transfers will be made to the General Fund when the Municipality's investment advisor, Peirce Park, deems it advantageous pursuant to the stock market. This philosophy is to permit the OPEB fund to grow while the stock market is trending up, and for General Fund to sustain paying more of a portion of the retiree health benefits, if permitted. The OPEB fund will be used as a reserve to the General Fund from the obligations owed to the General Fund. This is anticipated to mitigate most, if not all, of the budgeted utilization of the General Fund Reserve Fund Balance, as previously stated.

- Minimum Municipal Obligation Payment (MMO):** The Municipality has prepared actuarial valuations for its two (2) defined benefit pension plans: Uniformed (Police) and Non-Uniformed. These valuations are prepared every other year. Within these valuations, a calculation is prepared regarding the Municipality's contribution to the Pension Plans under Act 205 of 1984. For 2017, the contribution to the Police (Uniformed) Pension Plan is \$2,157,350, and the Non-Uniformed Pension Plan is \$1,216,477. This amount has been included within the 2017 Budget. The detail regarding the contribution is provided under the pension tab within the Budget.

General Fund: Fund Balance Analysis:

Outlined below is the fund balance analysis for the proposed 2016 budget. As mentioned above, the fund balance policy is 10%. The Government Finance Officers Association (GFOA) recommends a 20% fund balance to have a solid financial reserve and improve the Municipality's bond rating. This analysis indicates a trend toward that goal.

2017 GOALS

MUNICIPAL MANAGER 2017 GOALS:

Goal #1: To update the 2017-2021 Five (5) Year Capital Improvement Program (CIP) to reflect the change in the Municipality's long-term financing of capital projects and services.

Purpose: To communicate the long-term capital expenditures and financing thereof to the public and Council and Mayor.

- a. Objective 1: To delineate revenue (tax, grants, etc.) and expenditures from 2017-2021.
- b. Objective 2: To identify replacement or updates of capital assets of each municipal department and its associated cost.
- c. Objective 3: To present to Council an updated 5 year Capital Improvement Program (CIP) pursuant to the Home Rule Charter at the September 2017 Council Meeting.

Goal #2: To increase transparency with the residents through communications.

Purpose: For the residents and public in general, to know and understand the operations, services and decisions of the Municipality, which includes decisions of Council and Staff, so as to increase trust and confidence between municipal personnel, elected officials and the public.

- a. Objective 1: To disseminate information of municipal services and operations through a downloadable application for mobile devices that makes knowledge of municipal programs, services and legislation that affect the lives of residents and the public in general more convenient.
- b. Objective 2: To begin the centralization of municipal complaints and suggestions through advanced technology software. This includes ascertaining the type of software best for the Municipality and its associated cost.
- c. Objective 3: To manipulate complaint and suggestion data in a coherent fashion to ascertain prevalent needs of the community.

FINANCE DEPARTMENT 2017 GOALS:

Goal #1: To create and fund the position of Assistant CFO.

Purpose: To advance the Municipality through proper staffing relevant to the duties that are performed within the Finance Department. This goal will also follow best practices of implementing an internal system of checks and balances. Further, it will offer a plan of succession in the event of unforeseen circumstances. Of benefit, will be the increased ability to complete tasks with expediency and proficiency. It will move the finance department to "Level 5" management and utilize a highly competent staff to the best of their ability, which will benefit the Municipality in the long and short term.

- a. Objective 1: Create the position of Assistant CFO.

- b. Objective 2: The person will help with creative ways, through shared involvement, of reaching fiscal goals within the parameters of existing revenue.
- c. Objective 3: The position will allow the CFO to focus heavily on the “big picture” analysis, such as the CAFR, budget and year end processes.
 - Also, this will allow for contract review, vendor pricing and fee monitoring with the purpose of cost containment and possible savings. This was demonstrated by reducing bank service fees and reducing the managerial cost on the OPEB Fund.
- d. Objective 4: Start and continue to monitor a program for the CIP, capital assets, pension obligations and audits.
- e. Objective 5: Create synergy between departments, manager and staff.
- f. Objective 6: Be trained, train others and capture team buy in.

Goal #2: To continue to allocate resources towards training to not only teach, but to keep staff current on new regulations and best practices.

Purpose: Education is one of the most effective tools for productivity in the work place. The skills that are taught at conferences are one’s that cannot be learned through formal classes. Round table discussions and experts in the field bolster a sense of empowerment. It also allows staff to articulate the manager guided goals of the Municipality with clarity to the public and Municipal Council.

- a. Objective 1: Attendance for 2 to the Munis Conference in San Antonio, TX and the GFOA Conference.
- b. Objective 2: Disseminate knowledge through any method that would be beneficial.
- c. To allow staff to fully understand the functions of their job and to ensure compliance with the teachings that are presented.

TAX OFFICE 2017 GOAL:

Goal #1: To establish separate collection accounts for each tax type.

Purpose: Monthly, the funds collected will be distributed by the Tax Office directly to the governing bodies.

- a. Objective 1: The Finance Department will substantially reduce the number of financial transactions to process, reconcile and distribute to other taxing authorities.

HUMAN RESOURCES DEPARTMENT 2017 GOALS:

Goal #1: Continue process of updating the Employee Handbook and Safety Manual.

Purpose: To improve the handbook and delete outdated concepts and practices that are no longer viable.

- a. Objective 1: Continue working with the committee that includes members from each Municipal group.

- b. Objective 2: Update handbook to insure employee awareness.
- c. Objective 3: Insure that the handbook is all inclusive yet maintains solid Human Resource practices.

Goal #2: Conduct informational sessions and provide information directly to employees regarding items affecting Municipal employees such as healthcare, wellness and safety.

Purpose: To provide employees with timely and useful work related and non-work information.

- a. Objective 1: Keep employees better informed.
- b. Objective 2: Improve employee morale.
- c. Objective 3: Partner with other groups to provide information and/or host the sessions.

Goal #3: Continue to strive for a healthier and safer workplace

Purpose: To provide a variety of tools so that employees can improve their health and safety in their respective jobs.

- a. Objective 1: Attempt to lower the number of both workers compensation claims and non-work related injury claims.
- b. Objective 2: Improving employee's health can have a direct effect on health insurance premiums.
- c. Objective 3: Improving employee safety can have a direct effect on lowering both the workers compensation insurance premium and property/liability insurance premiums.

INFORMATION TECHNOLOGY DEPARTMENT 2017 GOALS:

Goal #1: To assist in completing the addition of Municipal-owned smartphones for the Police

Purpose: The Monroeville Police are switching to Municipally-owned and controlled smartphones for the detectives, supervisors and patrol cars. These new devices will be authorized to receive sensitive data from state and federal resources.

- a. Objective 1: Assist in the purchase and configuration of 26 new smartphones.
- b. Objective 2: Purchase and configure Mobile Device Management software for managing the new smartphones.
- c. Objective 3: Assist Police personnel in the use of the new smartphones.

Goal #2: To implement the conversion of our staffing software and server to a hosted service.

Purpose: We presently have an in-house server which houses 2 staffing databases. These databases will be reconfigured and moved to a hosted service.

- a. Objective 1: Listing the reconfiguration requirements for the new databases.
- b. Objective 2: Managing the reconfiguration process.
- c. Objective 3: Coordinating the move to the hosted service with Kronos personnel.

Goal #3: To continue upgrading 1/5 of the municipal computers, servers and printers every year.

Purpose: As computers age, it becomes more time-consuming to support them. They have trouble running new versions of software, they have hardware failures, and Microsoft starts phasing out support for the operating system. By keeping on a regular schedule of upgrades, the money we spend goes towards increased productivity, instead of simply keeping the status quo operational.

- a. **Objective 1:** Capital Improvement Plan to upgrade 1/5 of the Municipal desktops every year, so that every computer will be upgraded every 5 years. This will include upgrading the operating system and office software on the desktops, and would involve approximately 20-25 desktops a year at approximately \$20,000 a year. This year, the plan involves 18 Police desktops.
- b. **Objective 2:** Capital Improvement Plan to upgrade 1/5 of the Municipal servers every year, so that every server will be upgraded every 5 years. This may involve upgrading the software running on the server, and would involve approximately 3 servers a year at approximately \$15,000 a year. This year, the plan involves a parks server upgrade, as well as an upgrade to our Telestaff server to a hosted system.
- c. **Objective 3:** Capital Improvement Plan to upgrade 1/5 of the Municipal printers every year, so that every printer will be upgraded every 5 years. This involves approximately 2 printers per year at approximately \$2,400 per year. This year, we would like to upgrade 9 printers at \$1,200 each.

POLICE DEPARTMENT 2017 GOALS:

Goal #1: Begin the PA Accreditation Process

Purpose: To attain the PA Chief's Police Accreditation that shows that the Department is meeting State and National Police standards.

- a. **Objective 1:** Review the Policy Manual with Bargaining Unit Members.
- b. **Objective 2:** Hire a consulting group to update the manual as needed.
- c. **Objective 3:** Review all Accreditation Standards with Consultant.
- d. **Objective 4:** Have Consultant begin implementation procedures after consultation with Manager and Council.
- e. **Objective 5:** Make application to the PA Chiefs of Police organization for Pennsylvania Accreditation.

Goal #2: Hire New Police Officers.

Purpose: To add new officers to replace retirements in 2015 and to maintain the minimum staffing levels that we currently have.

- a. **Objective 1:** Review the Civil Service Ordinance to make sure it is up to date.
- b. **Objective 2:** Review the hiring requirements with Manager and Municipal Council.

- c. Objective 3: Meet with and review all Civil Service requirements with the Civil Service Commission.
- d. Objective 4: Conduct written and oral testing per the Civil Service Ordinance.
- e. Objective 5: Hire Officers after background/polygraph examinations and certification of eligibility list by the Civil Service Commission.

Goal #3: Complete a new UHF radio system (infrastructure, mobiles and portables).

Purpose: To upgrade our communication system and become compatible with all the other municipal police agencies in Allegheny County.

- a. Objective #1: Apply for a Grant from PA Representative Markosek's office.
- b. Objective #2: Review the UHF radio infrastructure for the entire Municipality. This includes Fire, EMS, Emergency Management, Public Works, as well as Police.
- c. Objective #3: Obtain additional tower sites.
- d. Objective #4: Obtain an additional UHF repeatable radio frequency.
- e. Objective #5: Purchase new mobiles, portables and base stations for the Police Department.
- f. Objective #6: Increase radio coverage throughout the Municipality for all of our public safety agencies.
- g. Objective #7: Purchase and place into service new microwave systems to negate the dependence on phone lines.
- h. Objective #8: Work with a vendor to properly engineer the radio system.

Goal #4: Completely Review the Information Services issues in the Department.

Purpose: To update our computer systems to make the computer system functional for police services.

- a. Objective #1: Desk Top Computers
- b. Objective #2: Lap Top/In Car Computers
- c. Objective #3: Dispatch Computers/Consoles
- d. Objective #4: In Car Cameras (WiFi video downloads)
- e. Objective #5: GPS/Mapping in vehicles
- f. Objective #6: Electronic Filing of Criminal/Vehicle Code Citations
- g. Objective #7: Public Safety (Police, Fire, EMS and Emergency Management) information services issues including records management and access to GIS emergency management data.

Goal #5: Begin the review process to place into service "Body Cameras".

Purpose: "Body Cameras" are the future. Storage and dissemination of recorded information will be problematic and must be researched prior to implementation.

- a. Objective #1: Implementation will be dependent on the State of Pennsylvania rewriting laws governing the interception of video/audio communications.
- b. Objective #2: Research the storage of video/audio cost factor based on the current wiretap laws.
- c. Objective #3: Research the "Right to Know/Freedom of Information" laws covering video and audio interceptions for Police in Pennsylvania.

Goal #6: Issue ‘Smart Phones’ to all Officers.

Purpose: Smart Phones will enable Officers to access NCIC/CLEAN information in a controlled manner and complying with Federal and State guidelines (CHRIA).

- a. Objective #1: Issuing all of the phones with proper controlling software.
- b. Objective #2: Loading software that will enable Officers to access surveillance cameras at key intersections in the Municipality.
- c. Objective #3: Cooperate with the Allegheny County District Attorney’s Office in the implementation of the intersection cameras throughout Allegheny County.

BUILDING, ENGINEERING AND COMMUNITY DEVELOPMENT 2017 GOALS:

Goal #1: Complete Joint Comprehensive Plan.

Purpose: Update the Municipality’s 2005 Comprehensive Plan with a Joint Comprehensive Plan with the Townships of Wilkins and Churchill.

- a. Objective 1: Complete the draft version of the Comprehensive Plan and forward it to the Allegheny County Department of Economic Development for review.
- b. Objective 2: Conduct Public Hearings for the adoption of the Comprehensive Plan.
- c. Objective 3: Present the Comprehensive Plan to Municipal Council for consideration.

Goal #2: Complete update of the Monroeville Zoning Ordinance.

Purpose: The update of the Monroeville Zoning Ordinance has been an ongoing process and is nearing completion.

- a. Objective 1: Complete the draft version of the Monroeville Zoning Ordinance and forward it to the Allegheny County Department of Economic Development for review.
- b. Objective 2: Conduct Public Hearings for the adoption of the amended Monroeville Zoning Ordinance.
- c. Objective 3: Present the amended Monroeville Zoning Ordinance to Municipal Council for consideration.

Goal #3: Implementation of 2017 Municipal Capital Improvements.

Purpose: Implement various 2017 Municipal Capital Improvement Projects.

- a. Objective 1: Prepare public bid specification.
- b. Objective 2: Provide project management for various improvements.
- c. Objective 3: Provide technical support for various improvements.

Purpose: To provide a safe environment for our children to play.

- a. **Objective 1:** Overlook Park – Rehab playground and play areas as needed.
 - Wood Chips, Borders and Play Equipment
- b. **Objective 2:** Ferndale Park – Rehab playground and play areas as needed.
 - Wood Chips, Borders and Play Equipment
- c. **Objective 3:** Evergreen Park – Rehab playground and play areas as needed.
 - Wood Chips, Borders and Play Equipment

Goal #2: Add revenue generating and physical enhancements to the community park.

Purpose: To provide additional funding for the park by providing enhancements to facilities.

- a. **Objective 1:** Create a wedding venue at the amphitheater.
 - Venue large enough to accommodate a wedding up to 250 people.
 - Adequate parking for large event.
 - Increased park revenue.
 1. Investigate seating options.
 - a. Permanent/Semi-Permanent – Eagle Scout Project
 - b. Agreement with outside company willing to provide chairs
- b. **Objective 2:** Install permanent electrical access in the parking lot between the amphitheater and the soccer fields.
 - Would create permanent electrical access in the parking lot for special events often requested.
 - Would eliminate extra work for public works (set-up/tear-down).
- c. **Objective 3:** Seek out businesses/organizations that are interested in partnering with the Recreation and Parks Department in providing enhancements to the parks and/or their facilities.
 - Examples of some current partnerships include: Jump Start Sports, Gia Visto Restaurant, Integral Ballroom Dancing, Xpert Fitness, Cindy Cohen Driving School, UPMC East, Monroeville Arts Council and the Monroeville Historical Society.

Goal #3: Further develop the recreational brochure.

Purpose: To expand programs in an effort to meet the wants and needs of more people.

- a. **Objective 1:** Add new programming each quarter, focusing on current trends and in response to the public's interest.
 - Childrens Activities – Instructional and/or Sports Fitness Related.
 - Adult Health and Fitness
- b. **Objective 2:** Partner with local businesses/organizations in an effort to expand offerings.
 - Offer several daytime classes at the Senior Center for ages 50+
 - Offer several evening classes at the Senior Center for ages 18+
 - Find more businesses that are willing to work together with the Recreation and Parks Department in offering programs.
 1. Eliminates the need to depend as heavily on school district facilities to hold programs.

MONROEVILLE PUBLIC LIBRARY 2017 GOALS:

Goal #1: Continue to increase visibility and involvement in the community.

Purpose: To ensure that library programs, materials and services benefit as many community members as possible.

- a. **Objective 1:** Reach out to families and children by providing story times in different locations – some possibilities include the Monroeville Mall, preschools, hospital pediatric wings and additional daycares.
- b. **Objective 2:** Increase technology instruction already in place to reach more senior living homes.
- c. **Objective 3:** Continue to work with the school district – teachers and administration - to ensure more students have access to the Library.
- d. **Objective 4:** Work with other local groups to create programs that are community events. Some possibilities include book bingo, library mini-golf, a truck petting zoo and family night at the library.

Goal #2: Increase programming in the maker space – and outreach - to allow community members to learn and explore through creation.

Purpose: To provide opportunities for community members to explore new technologies and gain new skills through tactile creation.

- a. **Objective 1:** Continue to utilize survey results from last year to build programs around what the community wants to learn and explore.
- b. **Objective 2:** Continue to partner with local artisans, scientists and engineers to provide classes on the different creation opportunities available at the Library .
- c. **Objective 3:** Take new STEM and Maker Space activities to outreach locations to offer opportunities to more community members.

Goal #3: Update the Library's physical plant.

Purpose: To improve building accessibility for community members and energy efficient fixtures for those that need updated.

- a. **Objective 1:** Elevator
- b. **Objective 2:** Boilers
- c. **Objective 3:** Lobby
- d. **Objective 4:** Lighting

SENIOR CENTER 2017 GOALS:

Goal #1: Expand public awareness to improve knowledge about senior issues in the community, to increase and strengthen linkage among service groups, and to educate the community, service providers, seniors, and their families.

Purpose: Provide information to a larger portion of the population will enable individuals to make informed decisions regarding health care, housing options, legal and public assistance, health and wellness, social activities, and transportation.

- a. Objective 1: Explore use of public service radio, television, and print media for free advertisement of programs, services and other information.
- b. Objective 2: Establish new avenues to make our web page more marketable to seniors and their families.
- c. Objective 3: Provide educational and other information to existing service clubs and organizations in an effort to promote the Senior Center and those programs and services available to seniors and their families.
- d. Objective 4: List, review and update promotional materials.
- e. Objective 5: Develop new ways to distribute promotional materials.
- f. Objective 6: Establish new procedures to welcome new members.

Goal #2: Develop New Programs and Services.

Purpose: A wide range of services and programs are already offered by the Senior Center, but there is an ongoing need to increase existing programs and develop other programs based on the ever-changing needs of the aging population.

- a. Objective 1: Explore forming partnerships to help lower setup costs for current and future program demands.
- b. Objective 2: Establish and promote news programs and events.
- c. Objective 3: Expand evening use of the fitness facility.
- d. Objective 4: Develop programs that incorporate social and health and fitness members to interact within the Senior Center.

Goal #3: Strengthen Organization. As the senior population within the Monroeville community continues to increase, so does the demands and pressures placed on leadership, staff, programs and services.

Purpose: There is an ever-growing news to assess present and future trends within the local aging population and how this will impact the Monroeville Senior Center with regard to staffing, associated duties and responsibilities, funding arrangements, operational issues, community relationships and the use of technology.

- a. Objective 1: Identify types of volunteer opportunities within the Senior Center, recruit volunteers, develop and provide training.
- b. Objective 2: Benchmark other effective Senior Centers and/or other organizations.
- c. Objective 3: Reorganize municipal staffing to provide the best service for the center at a minimal cost.

Goal #4: Build Financial Foundation

Purpose: Due to the country's economic status, the demand for senior services has been increasing greatly. This increase is likely to continue. This poses a financial challenge to the Senior Center to continue to maintain and deliver current programs as well as develop new programs to meet seniors' changing needs. A stable financial base is a critical factor in any strategic plan for the Senior Center.

- a. Objective 1: Strengthen annual appeal for the Silver Sneaker and Silver & Fit Programs to increase revenue.
- b. Objective 2: Develop new fundraising events that augment operational funds.

TV-15 DEPARTMENT 2017 GOALS:

Goal #1: To increase production quality of meetings.

Purpose: To improve audio and video quality in Council Chambers and on the air.

- a. Objective 1: Replace 3 boom-mike microphones and stands with 3 shotgun style microphones.
- b. Objective 2: Add transmitter packs to allow wireless connectivity.
- c. Objective 3: Configure system for hardware changes and optimal efficiency.

Goal #2: To provide more monthly programs.

Purpose: To keep residents informed of programs, activities and events in the community using photos and videos on social media and the 2 cable channels.

- a. Objective 1: To provide more monthly informational programs, such as:
 - "Monroeville on the Move" with Mayor Erosenko
 - Health Programs held by the Monroeville Public Library
 - "Fit for Duty" exercise programs
- b. Objective 2: Continue to video, photograph and promote programs, activities and events for:
 - Monroeville Recreation and Parks
 - Monroeville Public Library
 - Monroeville Senior Center
- c. Objective 3: Continue to provide photo and video documentation for Monroeville Police, Fire and EMS Departments.

BUDGET PREPARATION OBJECTIVES

Each year the municipal staff is asked to provide its best assessment of what funding allocations are necessary to adequately maintain services within Monroeville. In general, the annual budget is created from a zero-base and prior expenditure history as calculations are made to reflect the operating and capital project needs for the coming year by each department head. For 2017, Staff has made a significant effort to present a plan that will enable the traditional services to be maintained.

FUNDS SUBJECT TO APPROPRIATION

The Municipality prepares budgets for six (6) funds:

GENERAL FUND- The General Fund is the General Operating Fund for the Municipality. It is used to account for all financial resources except those required to be accounted for in another fund.

STATE LIQUID FUELS FUND- The State Liquid Fuels Fund is used to account for the receipt and expenditure of the Municipality's share of the proceeds for the state liquid fuels tax. The fund is restricted for those expenditures that are mostly related to roads and their ancillary expenses. The Liquid Fuels Fund pays for municipal street lighting and road salt.

CONVENTION VISITOR'S BUREAU FUND- This fund accounts for revenues collected through the county for hotel and motel room rental and state gaming money. It is designated for payment of programs to stimulate the volume of conventions and visitors within the Municipality.

CAPITAL IMPROVEMENT FUND- The Capital Improvement Fund is used to account for the financial resources to fund the acquisition, construction or improvement of major capital assets. Source of funds – Transfer \$1 million from the General Fund.

VEHICLE LEASING FUND- The Vehicle Leasing Fund is used as an escrow fund for proceeds from banks or leasing companies for vehicles that are being leased. This fund is mostly used for volunteer fire department vehicles whereby funds are realized before fire vehicle is delivered.

Bond Issue Funds- These funds are proceeds for past Bond Issues (2007, 2010 and 2011). The funds are strictly expended for capital projects, equipment and vehicles.

The 2017 Budget is presented on an aggregate basis for these funds. Individual fund presentations for the State Liquid Fuels, Convention Visitor's Bureau, and Capital Improvement Funds are presented in the section entitled Special Funds.

2017 BUDGET AND FINANCIAL POLICIES

The 2017 General Operating Fund as proposed reflects compliance with the following budget policy statements. One of the continuing purposes served by formal acknowledgment of the budgetary policies is to reinforce to the public that the elected officials and staff of the Municipality are concerned about the financial health of the community and work towards that on an annual basis. Budget and financial policies for 2017 include:

REVENUES

1. It is the Municipality's policy to estimate revenues conservatively, but realistically.
2. The Municipality will fund current expenditures from current revenues whenever possible; use of fund balance for other than capital and nonrecurring expenditures will be clearly specified; leasing and intergovernmental revenue will be for capital or nonrecurring expenditures.
3. The use of debt financing has been suspended as of 2012.
4. The Municipality will establish all user fees in conjunction with the cost of service.
5. The Municipality will charge user fees for all quantifiable municipal services in an attempt to reduce tax financing to those less measurable public services except for those services expressly exempted by Council.
6. The Municipality may begin the Pollution Control and Flood Reduction Program in 2017. If so, the Municipality would create a new revenue fund which expenditures from the fund would strictly be used for Pollution and Flood Reduction (Stormwater Management).

EXPENDITURES

1. Program and activity expenditures are estimated at their true cost of operation.
2. The Municipality will develop its budget on a maintenance level basis by using Zero-Based Budgeting. That is, no expansion of existing service levels will be assumed. Costs estimated at this level will be prepared to determine revenue needs. All efforts to reduce revenue needs will be made.
3. New, expanded or revised operations will be justified in terms of potential cost savings, productivity or efficiency enhancements or improved public service.
4. Municipal department heads will identify all potential cost savings and provide a discussion of the impact on service levels that will result from said savings.

5. The Municipality will update the Five (5) Year Capital Improvement Plan (CIP) in 2017. The operating budget will be prepared in coordination with the CIP. Future operating costs associated with capital improvements will be projected and included in the annual operating budget.

GENERAL/THE BUDGET DOCUMENT

1. The budget will reflect the Municipality's adherence to Act 205, the Municipal Pension Plan Funding Standard and Recovery Act.
2. The annual budget will adhere to all Commonwealth of Pennsylvania legislative as well as the Municipality of Monroeville's Home Rule Charter requirements.
3. The annual budget will have a budget message.
4. The budget will contain a narrative that outlines the revenue resources and expenditure programs which have been recommended. Special circumstances associated with each will be noted.
5. The budget document will include financial indicators such as revenues and expenditures per capita, tax burden and historical information concerning revenues and expenditures.
6. The budget will contain information which displays comparative data about revenues and expenditures, taxing capacity and taxable real property assessed value.
7. The budget will include standards for each program. These standards will be used to measure the effectiveness of the program.
8. All funds will be prepared on the modified accrual basis. Revenues and other financial resources are recognized when they become available and measurable in the current period. Expenditures are recognized when the liability is incurred.
9. The budget will be arranged on a program basis so as to facilitate an understanding of the true cost of municipal services.
10. The Municipality will engage in accounting practices that enable comparisons of budgeted and actual revenues and expenditures. The Municipal Council will receive reports about budgetary performance on a monthly basis.

CONCLUSION

I hereby transmit to the Mayor, Council and the Citizens a budget that provides for the needs of the community. I believe as you review the budget you will obtain a better understanding of the needs of the community for 2017. You will also find the information contained within provides a detailed breakdown of the Municipality's operations for the coming year. There is no real estate tax increase recommended in 2017, however, it is imperative that Council begin considering a tax increase for Capital Expenditures in the very near future.

As you know, adopting the municipal budget is the most important responsibility we fulfill each year. It is our most basic duty. Municipal government provides a wide-range of services that have a daily effect on the lives of our citizens. Police protection, trash pickup, snow removal, fire, EMS service, recreation, senior citizen center, library, workforce development and other services depend on our adoption of a responsible balanced budget that adequately funds each of these services.

Municipalities and cities across the country are struggling with ever rising costs and limited resources in which to pay for them. Monroeville is no different. Developing a budget is always a challenge in today's local government fiscal environment. It is as much an art as it is a science in understanding the necessities of our community and the most efficient means in which to deliver them. But Monroeville and I are fortunate to have a highly skilled and dedicated workforce. I would like to thank the Staff for their thought and effort in this document - it does not go unnoticed. I believe the volunteers on the Boards and Commissions, and the Mayor and Council create a strong team all focused on making Monroeville a better community and home.

Respectfully submitted,

MUNICIPALITY OF MONROEVILLE

TAX COLLECTION

REVENUE: Real Estate Tax

The real estate tax is the second most important source of revenue for the Municipality of Monroeville. In 2016, the current millage is 4 mills. Current real estate tax revenue will generate about 35 percent of the total general fund revenues. The tax is levied on commercial, residential and all other nonexempt real property. There are approximately 11,306 taxable properties in Monroeville. During 2001, every property in the county was given a new market value that determined the new assessment for each parcel. The revaluation program was necessary to correct inequities in the property assessment system. These inequities was the result of a 1997 court ruling requiring a full revaluation of all properties to ensure that all property owners pay their fair share of real estate taxes. Allegheny County had a court order to reassess all properties in the county by 2012. The County stated during the summer of 2011 they would not be able to meet this deadline. Following various legal proceedings, the court ruling ultimately resulted in a requirement that Allegheny County reassess all properties in the county in 2013. There has been no significant increase in revenue from the real estate tax due to the reassessment. The current estimate of the 2017 assessed value is \$2,336,937,000.

The real estate tax collector for the Municipality and Gateway School District, per the Home Rule Charter, is elected.

The average rate of collection for the real estate tax for the last five years has remained about 99 percent of the levy. Approximately \$215,000 will be considered delinquent at the end of 2017.

In 2017, the Municipality will receive an estimated \$700,000 in proceeds from the Allegheny County Regional Asset District (ARAD) 1 percent sales tax. As mandated by law, two-thirds of those proceeds must be used to reduce municipal taxes.

In 2017, it is recommended that real estate taxes for the Municipality continue to be due on the following payment schedule:

Discount	March 1 - April 30
Face	May 1 - June 30
Penalty	After June 30

Recommendation for 2017:

The real estate tax for 2017 is being held at 4 mills.

2017 BUDGET**

ACT 511 TAXES

The Municipality relies on Act 511, the Local Tax Enabling Act and Act 62, the Home Rule and Optional Charters Act, to levy various non-real estate tax revenues. Currently, the Municipality levies the Earned Income Tax, the Mercantile and Business Privilege Tax, the Local Services Tax and the Realty Transfer Tax.

In 2016, it is projected that Act 511 taxes will raise an estimated \$15,100,000 in revenue for Monroeville. The revenue expected from these sources in 2017 without any change in tax rates amounts to about \$15,200,000. The 2016 revenue estimate is a conservative estimation of income from all Act 511 sources.

REVENUE: Earned Income Tax

The Municipality's secondary source of tax revenue is the Earned Income Tax (EIT). It is a tax on gross wages, salaries, commissions, net profits and other compensation earned by Monroeville Municipal Residents. EIT revenues are collected on a monthly basis.

In 2008, the Department of Community and Economic Development (DCED) undertook an Earned Income Tax Study which resulted in Act 32 of 2008. Act 32 reduced the 560 Earned Income Tax (EIT) collection entities across Pennsylvania to 69 Tax Collection Districts (TCD). The Municipality of Monroeville has been designated a member of the Allegheny County Southeast Tax Collection Committee (TCC). Each TCC has been tasked with the responsibility of hiring an Earned Income Tax Collector and the Allegheny County Southeast Tax Collection Committee has hired Keystone Collections Group to collect the Earned Income Tax. Earned Income Tax Collections by the TCC Tax Collector was mandatory for all Municipalities effective January 1, 2012.

Under Act 511, the Municipality is permitted to assess a 1 percent tax on earned income, one-half of which is shared with the Gateway School District. As a Home Rule Municipality, Monroeville has the option of levying additional earned income tax under Act 62. Consequently, the Municipality from 1990-2015 imposed an additional 0.5 percent earned income tax increase.

Recommendation for 2017:

The earned income tax rate continues at 0.5 percent levied under Act 511 and 0.5 percent levied under Act 62 for a total of 1 percent.

**MUNICIPALITY OF MONROEVILLE
2017 BUDGET**

REVENUE: Mercantile Tax

The Mercantile Tax is imposed on gross receipts for all persons engaging in any wholesale, retail, restaurant activity or place of amusement. Businesses involved in manufacturing and agricultural activities qualify for exclusions. The rate is 2 mills on wholesale vendors and 2.5 mills on all others subject to the tax. Of this, a portion goes to the school district.

Recommendation for 2017:

No change in the mercantile tax is recommended for 2017.

REVENUE: Local Services Tax

The local services tax (LST) is assessed on all individuals who work within the Municipality. This is a flat tax of \$52 per year after the first \$12,000 of earnings. This revenue source fluctuates with the number of individuals employed within the Municipality during the year. In 2016, approximately \$1,100,000 is expected to be raised from the current Local Service Tax. The Monroeville Tax Office has collected the local services tax on behalf of the Municipality. During 2007, the Gateway School District elected to receive \$5 of the \$52 assessment.

Recommendation for 2017:

The local services tax rate of \$52 should be maintained for 2017.

REVENUE: Business Privilege Tax

The business privilege tax is assessed on all persons engaging in any business rendering services from or attributable to a Monroeville office or place of business. The millage assessed is 4 mills on gross receipts collected by that business for services rendered.

Recommendation for 2017:

No change in the business privilege tax is recommended for 2017.

**MUNICIPALITY OF MONROEVILLE
2017 BUDGET**

REVENUE: Host Municipality Fees

Host Municipality Fees are \$1 per ton of refuse materials delivered to the landfill that is located within the Municipality.

Recommendation for 2017:

No change in the host municipality fee is recommended for 2017.

REVENUE: Mercantile Licenses

Mercantile licenses are charged to businesses engaging in a wholesale or retail trade, or dealer in goods, wares and merchandise, restaurants, etc. The annual fee is \$25.

Recommendation for 2017:

No change in the mercantile license fee is recommended for 2017.

REVENUE: Business Privilege Licenses

Business privilege licenses are assessed to each person or business engaging in a service business in Monroeville. The annual license fee is \$25.

Recommendation for 2017:

No change in the business privilege license fee is recommended for 2017.

FINANCE AND PERSONNEL

REVENUE: Public Utilities Tax

The Public Utility Realty Tax (PURTA) is a tax collected by the state on tax-exempt property owned by public utilities and distributed back to the Municipality in which the property is located. The funds may be used for general municipal purposes. The magnitude of the tax rebate is related to the Municipality real estate tax rate as well as the dollar value of real estate taxes that are levied by the Municipality. Since the Municipality has no direct control over the amount of PURTA funds to be granted by the state, the actual value of PURTA in the immediately preceding year is used to set the next year's budget amount.

Recommendation for 2017:

In 2017, the Municipality should budget the receipt of \$32,000 as its PURTA rebate.

REVENUE: Real Estate Transfer Tax

The Allegheny County Recorder of Deeds through the sale of deed transfer stamps collects the realty or deed transfer tax at the time of a real estate sale. Of the 2.5 percent tax collected on the value of the sale, 1 percent is distributed to the State. The remaining 1.5 percent is levied by the Municipality (1 percent) and Gateway School District (.5 percent). The total 1 percent tax levied by the Municipality has been made up of .5 percent authorized by Act 511 and .5 percent authorized by Act 62.

Recommendation for 2017:

The realty transfer tax rate should be maintained at 1 percent for 2017.

REVENUE: Regional Assets Tax

The Regional Assets Tax is an additional 1 percent sales tax imposed by the State of Pennsylvania under Act 77 of 1993. The estimate for 2017 collections is \$700,000.

Recommendation for 2017

In 2017, the Municipality should budget the receipt of \$700,000 as its regional assets tax based on the amount received in 2017.

REVENUE: No Lien Letter Fees

No-lien letters are prepared for home sales to verify whether there are unrecorded municipal liens recorded against a property in the Municipality. The charge is \$30.

Recommendation for 2017:

The no lien letter fee should be maintained for 2017.

2017 BUDGET**

REVENUE: Police/General Employee Pension Act 205 Funds

On an annual basis, the Commonwealth of Pennsylvania allocates funds to be used for the support of the police and general employee pension systems. The source of funds is a state tax on casualty insurance written by companies located outside of Pennsylvania and held by Monroeville residents. The amount to be budgeted in any one year should generally be based on funds received the preceding year.

Recommendation for 2017:

Based upon the estimated receipt of \$804,935 in 2016, \$804,935 should be budgeted in 2017. The proposed distribution of the funds is reflected under the pension expenditure category in the appropriate departmental budgets. These funds in turn are distributed directly to the pension plans.

2017 BUDGET**

POLICE

REVENUE: Code Statute & Ordinance Violations

Violations of Pennsylvania Motor Vehicle Laws and/or Municipal Ordinances generate the revenues in this category. Fines and forfeitures are collected by the magistrate, the state and from various municipal departments for violations of municipal ordinances. These vary, of course, with the number, severity, and disposition of the violations.

REVENUE: Accident Reports

A fee of \$5 is charged to residents and \$15 is charged to nonresidents for each copy of an accident report that was provided.

REVENUE: Vendor Permits

Vendor permits are issued for soliciting. Application fee is \$10. Permit fees are \$10 per day, \$50 per week, \$200 per month or \$350 per year.

REVENUE: False Burglar Alarms

False Burglar Alarms are charged as follows, less than 4 alarms per calendar year are no charge, 4 to 10 alarms per calendar year are charged \$25.00 per alarm and 11 or more alarms per calendar year are charged \$50.00 per alarm.

Recommendation for 2017:

No charges are recommended to be increased for 2017.

**MUNICIPALITY OF MONROEVILLE
2017 BUDGET**

BUILDING & FIRE PROTECTION

REVENUE: Building Permits

Building permits are issued by the building department with the permit fee based on the square footage of the building and its cost with the minimum fee of \$50. The revenue source is directly affected by the economic health of the building industry.

REVENUE: Occupancy Permits

At the time a home or business is occupied by a new owner, the building department issues an occupancy permit after conducting an inspection of the premises. This ensures that each building is in conformance with municipal ordinances. Permits begin at \$50 for a single-family home. Permit fees are dependent on the size, use and square footage of the structure.

REVENUE: Fire Official Permits

Fire code permits are issued under the fire protection code for fire hazard systems. Total fee ranges from \$75 to \$350 depending upon the hazard listed on the permit.

REVENUE: Single-Family Dwelling Inspection fee

Inspection of all single-family dwellings upon real estate transaction for life safety requirements with a fee of \$75.

REVENUE: Apartment Building Inspection Fee

Inspection of all apartment buildings upon tenant change with a fee of \$35.

REVENUE: Rental Inspection Fee

Inspection program of all apartment buildings upon tenant change with a fee of \$75.

Recommendation for 2017:

No fees are recommended to be increased for 2017.

SNOW AND ICE CONTROL

REVENUE: Snow/Ice Control - Pennsylvania

By agreement, the Municipality is usually reimbursed \$12,621.31 per year by the Commonwealth of Pennsylvania for winter snow and ice removal on 4.91 miles of state roads located within Monroeville. The reimbursement is calculated on the lane miles covered by the services provided. However, in 2014, PennDOT paved a Municipal section of Northern Pike through the PennDOT Agility Program, whereby the Public Works Department will continue to plow 4.91 miles of state roads, but the Municipality will not be reimbursed the annual revenue between 2014-2019 (\$63,310.60) for PennDOT paving the Municipal section of Northern Pike.

REVENUE: Snow/Ice Control - Allegheny County

By agreement, the Municipality is reimbursed by the County of Allegheny for winter snow and ice removal on county roads located within Monroeville. The reimbursement is calculated on the lane miles covered by the services provided.

Recommendation for 2017:

In 2017, the reimbursement is \$47,314.

COMMUNITY DEVELOPMENT

REVENUE: Sign Permits

Signs permits costs are a \$50.00 application fee plus \$2.00 per square foot for all signage. Temporary banners are a \$100.00 flat fee, good for 30 days.

REVENUE: Land Subdivision Fees

Subdivision Review Fees are \$2,000.00 and \$350.00 for fewer than five (5) lots. Subdivision Approval Fees are \$50.00 per lot.

REVENUE: Rezoning Application Fees

Rezoning application fees are \$1,500 plus \$50 per acre.

REVENUE: Conditional Use Fees

Conditional Use Review fees are \$1,000.00. Conditional Use Approval fees are \$800.00 plus \$0.05 per square foot area of a structure or the cubic yards of earth moved or \$1,000.00 for Conditional Use without a structure.

REVENUE: Site Plan Fees

Site Plan Review fees are \$2,000.00. Site Plan Approval fees are \$500.00 plus \$0.05 per square foot of the proposed structure or addition to the existing structure.

REVENUE: Zoning Hearing Board Fees

Fees for the Zoning Hearing Board vary from a minimum of \$100 for a Variance, \$300 for Special Exceptions to \$1,000 plus \$100 per acre for a Use Variance.

REVENUE: Fence Permits

Permits for fences are \$50.

REVENUE: Mechanical Device License Fee

Mechanical devices are a flat charge of \$200 each; music machines are a flat charge of \$100 each; and games of chance devices are \$400 each for the first three machines and \$500 for additional machines. This tax is paid by those businesses that operate any mechanical device including electronic games.

Recommendation for 2017:

Permit fees are not recommended to be increased for 2017.

MUNICIPALITY OF MONROEVILLE
2017 BUDGET

ENGINEERING

REVENUE: Street Opening Permits

Street opening permits are issued when it is necessary to make a cut into a Municipal street or right-of-way. This is designed to cover the cost of inspection and to ensure that the street is restored once the work has been completed. The charge per permit is \$50 plus additional charges for special items.

REVENUE: Grading Permits

Grading permits vary in price based on the amount of earth moved. The Engineering Department issues permits when grading takes place in Monroeville. These permits are \$125 for the first 5,000 yards plus \$15 per each 1,000 yards thereafter. Small residential permits are \$50 plus \$150 cleanup bond.

Recommendation for 2017:

No fees are recommended to be increased for 2017.

**MUNICIPALITY OF MONROEVILLE
2017 BUDGET**

REVENUE: Interest Earnings

The Municipality invests its cash in various interest-bearing instruments and accounts. These include regular savings accounts, cash consolidation investment accounts and certificates of deposit. The amount earned each year fluctuates with the interest rate and the amount of cash available for investment. When interest rates are high, the Municipality enjoys favorable interest rates but as the prime rate falls, so do the rates on investments. This year rates have ranged from .25 to .75 percent depending on the amount and duration of the investment.

Recommendation for 2017:

In 2017, the budget should take into consideration the market for investments.

REVENUE: OPEB Fund

During 2006, the Municipal Council authorized the investment of the Other Post Employment Fund (OPEB). The 2017 Budget reflects reimbursement from the OPEB Fund for retiree benefit payments made from the General Fund in the amount of \$700,000.

USE OF FUND BALANCE:

The fund balance has a tentative budget usage of \$482,637.07, but the transfer from the OPEB fund may increase depending upon market conditions and the usage of the fund balance may be reduced or not needed at all.

MUNICIPALITY OF MONROEVILLE
2017 BUDGET

STATE LIQUID FUELS

REVENUE: State Liquid Fuels

Each year the Municipality receives an allocation from the Commonwealth of Pennsylvania for the maintenance of the Municipality's streets and roads. The funds are the Municipality's proportionate share of the state levied gasoline tax. The share is based upon a formula which takes into account Monroeville's population (28,383) and miles (98.28) of improved roads. The use of the funds is restricted to street lighting, snow removal supplies, street maintenance supplies and the purchase of certain equipment.

Recommendation for 2017:

The 2017 budgeted amount of \$817,702.81 reflects the amount that has already been indicated by the Pennsylvania Department of Transportation to be used for budgetary purposes.

CABLE TV FRANCHISE FEES

REVENUE: Cable TV Franchise Fees

The Cable TV franchise fee is a percentage of sales revenue generated by the local Cable TV Companies.

Recommendations for 2017:

The franchise fee shall again remain at 5% of gross revenue for Verizon and Comcast for 2017.

2017

**MUNICIPALITY OF MONROEVILLE
2017 BUDGET**

Department Number: 1100 **Department Name:** Mayor and Council

Department Description:

The Mayor and Council constitute the governing body of the Municipality. The Council enacts legislation, votes on other matters, attends meetings and hearings and, in general, does those things necessary to help protect the health, safety and welfare of the community. The Mayor, the only official elected at large, is the recognized leader of the community and while having only tie-breaking voting responsibility, presides at meetings and carries out functions outlined in the Home Rule Charter.

This budget supports a program of receipt and disbursement of information both within the Municipality and the State, which aids the Mayor and Council in their decision-making and policy roles.

This department also provides for hiring of part-time summer employees. These employees assist public works with summer maintenance activities and assist other departments with general clerical activities.

Department Standards:

- Council meets regularly, two (2) times per month i.e. Citizen's Night/Work Session and the regular business meeting, for the purpose of enacting municipal legislation and other official business for Monroeville.

- Elected officials attend various information and ceremonial meetings, as well as, interacting with residents on numerous occasions.

2017 BUDGET**

Department Number: 1200 **Department Name:** Municipal Manager

Department Description:

The Municipal Manager is the Chief Administrative Officer of Monroeville and is responsible to the Mayor and Council for the administration of all municipal affairs per the Monroeville Home Rule Charter. The Manager's immediate staff aids in the overall operation of the Municipality and its administrative functions.

The Manager's department provides for the funding of strategic planning and operational leadership for the elected officials and department heads to better communicate and align the needs and interests of the residents – speaking through elected officials – and the department services provided.

The department also provides funding for Emergency Management activities and an Employee Safety Committee. Disaster training programs are conducted on an as-needed basis. The Employee Safety Committee meets on a monthly basis to review whether the Safety Manual is being implemented for improved worker safety.

Department Standards:

- Ongoing responsibilities designated to the Municipal Manager's office include: annual budget preparation, general fiscal management, administration of all departments, and provision of regular status reports to Council on department projects, resident concerns and complaints, and personnel problems or needs.
- The Municipal Manager is also responsible for the hiring and firing of all municipal employees. Job descriptions are used to determine job requirements.
- Information is provided to the public through various means including Cable TV on a regular basis.
- All resident inquiries and concerns are responded to in a timely manner through the Municipal Manager's Office.
- The Municipal Manager leads and/or administers significant projects and programs as assigned by Council.

**MUNICIPALITY OF MONROEVILLE
2017 BUDGET**

Department Number: 2110 **Department Name:** Emergency Communications

Department Description:

The Monroeville Emergency Communications program continues as a municipal responsibility for service delivery. Monroeville considered the costs versus the benefits of county service delivery versus municipal service delivery and reached the conclusion that municipal service delivery was most appropriate for Monroeville. Monroeville provides dispatch services for the Borough of Pitcairn police department and for the Wilmerding Volunteer Fire Department, Forbes Regional Hospital, in addition to police, fire and emergency medical services in Monroeville.

Department Standards:

- To provide for a positive, professional and correct response to emergency calls for service from the public.

Department Notes:

- The department reflects one working supervisor, seven full-time telecommunications officers and four part-time telecommunications officers.
- Monroeville based emergency dispatch permits the continuation of simultaneous computer call entry to police and fire units in the field for more rapid response and deployment. This capability would have gone away had county emergency dispatch been selected.
- The Police Record Management system, requests for police records, and routine civilian office traffic are additional duties that are handled by the Emergency Communications Center.

**MUNICIPALITY OF MONROEVILLE
2017 BUDGET**

Department Number: 2120 **Department Name:** Patrol Division

Department Description:

The basic responsibilities of the Municipality of Monroeville Police Department are prevention of crime, regulation of traffic, protection of rights of persons and property, preservation of the public peace, enforcement of laws of the state and ordinances of the Municipality, apprehension and arrest of criminals, accident investigation, and administration of rescue and lifesaving services. Police services also include the presentation of educational programs, search for missing children and adults, traffic surveys, escorts to banks for persons carrying large sums of money, checking of businesses and vacant homes, and providing general assistance and information to local citizens and nonresidents.

Patrols are carried out by the car assigned to a particular area and are done when the area car or cars are not tied up with calls for assistance. Patrols are done on a random basis throughout the area but may be done on a directed basis if a situation or condition warrants and if the administration so orders.

Department Standards:

- Police service will be provided twenty-four (24) hours per day, seven (7) days per week.

Department Number: 2160 **Department Name:** School Crossing Guards

Department Description:

The Municipality, in conjunction with the Gateway School District, provides school crossing guard services at heavily traveled intersections in the Municipality. Both the School District and the Municipality must concur on the provision or elimination of school crossing guard posts. The purpose of the school crossing guard program is to enhance safety at heavily traveled intersections.

This account provides funding for the school crossing guard salaries, applicable fringe benefits and uniform allowance. Fifty percent of the cost of the school guard is reimbursed by the Gateway School District.

Department Standards:

- School crossing guards are to be at their post in the morning prior to the beginning of the school day and in the afternoon following the close of the school day whenever school is open.
- New school crossing guards will be trained by the Monroeville Police Department for safety issues. Prior to the beginning of each school year, crossing guards will receive any necessary in-service training to ensure adherence to proper procedures or special discussions and appropriate on-the-job conduct. Thereafter, in-service training may be held at any time deemed necessary by the Chief of Police.

Department Number: 2200 **Department Name:** Fire Suppression

Department Description:

Fire suppression services are provided to the Municipality by five volunteer fire departments. The Municipality currently has an agreement for support of the fire companies in effect. The Municipality has agreed to the purchase of necessary equipment on a regular replacement cycle as well as the provision of fuel and lubricants, maintenance activities, tires, fire equipment vehicles and a subsidy per each fire company.

Department Standards:

- The Monroeville Volunteer Fire Department agrees to provide fire suppression and emergency rescue services for the Municipality of Monroeville. The provision of this service shall include adequate staffing of equipment and personnel at fires, hazardous conditions and life threatening emergencies; proper and reasonable proficiency levels for volunteer fire companies; rapid and appropriate response to emergency calls; and cooperation with the other members and departments of the Municipality's public safety organization. The term "proper", "reasonable" and "adequate", as they refer to the quality and level of service delivery shall, relate to local standards of comparison for volunteer fire companies in communities of similar size, population and incident experience.

- The Monroeville Volunteer Fire Department shall provide a public fire education and prevention program. The Municipal Manager and the Monroeville Fire Chiefs Committee shall periodically review the program agenda and objectives.

Department Number: 2500 **Department Name:** Public Safety Training Center

Department Description:

On April 30, 2005 the Monroeville Public Safety Training Center (MPSTC) was officially dedicated and opened for business. The MPSTC is a cooperative effort involving many different municipal departments. The advisory board consists of the five volunteer fire chiefs and the police chief. Information pertaining to the operation, scheduling, regulations, and contact persons can be obtained through the web site at www.monroeville.pa.us/MPSTC.

The MPSTC currently has the following training facilities:

1. Seventy-five person classroom building with storage and offices.
2. Four-bay garage facility for training and storage.
3. Paved emergency vehicle operators course (EVOC).
4. Four-story fire/repelling training tower.
5. Two-story controlled burn building.
6. An outdoor NRA approved pistol/shotgun/rifle Firearms Range.
7. A two-story Tactical Building with a computer generated firearms simulator.

October of 2008, a pistol and rifle firing range for the police department was completed. June of 2008 a "Skid Car" system was purchased and placed into service, allowing the officers advanced training in crash-avoidance and other driving skills. November of 2010, the Public Safety Training Center Tactical Building was opened which provides for in-door tactical training. In 2015, an auditorium style seating classroom building was opened. This building has a seating capacity of 240.

Department Number: 3200 **Department Name:** Superintendent of Public Works

Department Description:

The Superintendent of Public Works assumes responsibility for street, storm sewer, parks maintenance, refuse collection, vehicular equipment maintenance and replacement, recycling, animal control and building and property maintenance. The services of a full-time Superintendent as well as an Office Manager are provided for in this budget.

Department Standards:

- The Superintendent for review by the Municipal Manager and Council will prepare a monthly report of significant activities and accomplishments.
- The Superintendent will work in conjunction with the Engineer to plan and implement the work performed by employees in regards to the annual road improvement program.
- Innumerable reports for recycling, refuse, vehicular equipment and animal control must be compiled, analyzed and computed before they are submitted to the Department of Waste Management; Allegheny County Health Department; Department of Environmental Resources; Bureau of Motor Vehicles; Department of Labor and Industry; State Game Commission; and the State Dog Warden.
- A strict schedule of vacation days must be maintained for the refuse crews. It is essential that there is a pool of employees to draw on for vacation and unexpected sick days.
- Preparation of public works budget for submittal to Manager's office for approval.

Department Number: 3210 **Department Name:** Snow and Ice Control

Department Description:

The Municipality provides snow and ice control and removal services for over 110 miles of municipal streets. Police reports on road conditions during late night and early morning hours are used as the basis for call-outs.

Due to the hilly terrain and high level of service expected, public works may apply more salt than standard. With the addition of a brine maker, public works expects to reduce the amount of salt used to clear icy and snowy roads. Certain state and county roads are cleared and treated by municipal forces under intergovernmental agreements to improve road accessibility and the need to maintain one standard throughout the community.

Department Standards:

- Fourteen truck routes are utilized averaging slightly over 12 miles per area.
- Hills, intersections, main streets, school bus routes and stops, and the hospital receive first priority and then the remainder of the route area is attended to.
- For temperatures above 15° F, salt will be applied; less than 15° F requires the application of anti-skid materials since salt becomes less effective for melting snow and ice at lower temperatures.

Department Number: 3320 **Department Name:** Refuse Collection & Disposal

Department Description:

Refuse is collected on a weekly basis (except holidays) from approximately 10,000 homes with Municipality-owned refuse trucks. Curbside collection is made of all wastes and trash placed at the curbside after 6 p.m. the evening preceding collection day. No auto parts, building materials, rocks or earth are picked up. Tree branches, lumber and carpeting must be no longer than 4 feet with a maximum weight of 35 pounds, bundled and tied together. Paint cans should be distinctly marked and set aside from the remainder of the refuse.

Department Standards:

- Garbage and trash is collected on a weekly basis from approximately 10,000 homes with Municipality-owned refuse trucks.
- The collection of solid waste from single-family residences and multi-family dwellings that are primarily composed of individually owned units would occur on a weekly basis.
- Routes are divided into three areas with a three-man crew collecting approximately 1,000 tons of refuse monthly.

Department Number: 3340 **Department Name:** Recycling

Department Description:

The Municipality of Monroeville picks up materials on a biweekly basis on the same day as garbage collection by a special recycling truck. Materials are to be placed in a special recycling container which can be obtained free of charge at the Monroeville Public Works Building. Glass (clear and colored), aluminum cans, tin/steel cans, and plastic bottles with a No. 1 or No. 7 on the bottom may be recycled. New in 2016, the Municipality started newspaper and cardboard curbside pick up.

The leaf-recycling program occurs the second week of October through approximately the first week of December. Leaves must be set-aside in biodegradable bags. Leaves will be picked up on the same day as the regular garbage pickup schedule. Leaves are then transported to the Municipal leaf recycling facility located at the public works building.

Department Standards:

- Two (2) municipal employees are assigned to collect recyclable items on a biweekly basis from approximately 10,000 homes in Monroeville.

**MUNICIPALITY OF MONROEVILLE
2017 BUDGET**

Department Number: 3360 **Department Name:** Building and Property
Maintenance

Department Description:

The use of municipal buildings and surrounding grounds by the public requires maintenance and repair to maintain a standard of clean, functional and safe use. Scheduling of public use of building areas dictates the need to coordinate maintenance activities to ensure full, safe use of the structures.

Monroeville Historical Society, Incorporated is an independent volunteer organization whose purpose is "to unite into one organization all persons in helping to collect, preserve and protect elements of historic significance deemed of value to future citizens." Particular municipal properties designated as "historical" are the Old Stone Church, McGinley House, McCully Log Cabin and municipal monuments, where weddings, instruction programs, tours and organization meetings are held. Maintenance within these buildings is included within this department.

The Municipality provides support services for civic activities such as parades, community festivals and service to community facilities.

Department Standards:

- A maintenance crew of two employees and a working foreman makes repairs in the various municipal buildings and the municipal pool.
- Maintains a safe and reasonable work environment for municipal employees.
- Maintains a public meeting facility for municipal residents, Council, Boards and Commissions.
- Maintains a site for the public to interact on a daily basis regarding public services, problems, etc.

Department Number: 3365 **Department Name:** Monroeville Community Park

Department Description:

Monroeville Park has expanded significantly to become Monroeville Community Park and encompass an east campus and west campus with Tilbrook Road as the dividing line. The existing 66-acre, Monroeville Park, which was originally part of the Rush Farm, has been incorporated with the new 125-acre, community park which was originally the Bohinski Farm with portions of the Madjerich Farm and Krusey property added to form the Monroeville Community Park Complex.

The Monroeville Community Park-West Campus opened in 2006. It added fourteen soccer fields, five baseball/softball fields, four restrooms, four tennis courts, two basketball courts, two volleyball courts, one hiking trail, four play areas, gardens and four new picnic shelters to the existing soccer field, baseball field, picnic shelter and court areas at the Monroeville Community Park-East Campus. In 2015, a fifth picnic shelter was constructed in the Community Park-West with funds acquired through UPMC.

This department will consolidate the municipal costs associated with maintaining and operating the Monroeville Community Park Campuses.

2017 BUDGET**

Department Number: 5100 **Department Name:** Community Development

Department Descriptions:

The Community Development Department is responsible for guiding all land development within the Municipality of Monroeville; advocating sound land use planning practice while adhering to requirements established in the Monroeville Zoning Ordinance No. 1443, as amended, and the Monroeville Subdivision and Land Development Ordinance, Ordinance No. 2525, as amended, and other municipal ordinances. This Department reviews and advertises all applications and presents those applications for action before Council, Planning Commission and the Zoning Hearing Board. The Department coordinates the review of all land development applications with the applicable Board or Commission, Building Department, Engineering Department, Traffic Consultant, Chiefs of the Fire Departments, Municipal Authority and the Pennsylvania Department of Transportation.

Department Standards:

- Application fees and review fees are charged for all land development applications, including site plans, conditional uses, subdivisions, rezonings and other amendment requests that appear before the Planning Commission and Council for their review and action. Fee schedules, application deadlines for meetings and a requirement checklist are available to all applicants.
- Hearings are held before the Monroeville Zoning Hearing Board for variances to the strict interpretation of the Monroeville Zoning Ordinance No. 1443, as amended, special exceptions, and appeals to the decision of the Zoning Officer. Deadlines for meetings and a requirement checklist are available to all applicants.
- Zoning permits for all new structures, additions, signs, fences, storage sheds, swimming pools, accessory structures and temporary structures are processed and approved by this department.
- Fees are charged for all land development applications, review of land development applications, zoning permits and zoning occupancy permits. The fee schedule is reviewed and updated on a regular basis.
- Property maintenance and property complaints will be processed by this department in a timely manner. All required notifications and enforcement will be processed by the department personnel.
- The DEP Certified Inspectors employed by this department will enforce all landfill regulations through daily inspection. All complaints will immediately be investigated.

Department Number: 7100 **Department Name:** Senior Citizens Center

Department Description:

The Monroeville Senior Citizen Center, built in 1980, has become the hub of activity for Monroeville and Pitcairn seniors. The Center provides daily activities, services, and programs for adults 50 years of age and older. The center also serves as an informational bureau for seniors often referring them to other agencies. The senior center is owned by the Municipality of Monroeville and operated by the Monroeville Council of Senior Citizens, incorporated under an agreement with the Municipality. The center has over 5,000 members. On average the center has approximately 6,000 visits per month with an average of 72,000 visits per year.

The center offers a variety of weekly and monthly activities: Social clubs, computer club, Wii bowling league, shuffleboard league, card groups, Mon Jongg group, dominos group, health and wellness programs, arts and craft clubs, monthly craft classes, monthly bingo and luncheon, movies days, instructional classes, computer classes, trips and tours, and monthly special events. Services also offered to seniors include health services, counseling services, income tax assistance and drivers training classes. Free bus transportation is offered to Monroeville and Pitcairn seniors for regularly scheduled club meetings, special events and weekly shopping.

In 2015, the center expanded its fitness center, which included expanding the hours into the evening. The center is now open Monday – Thursday 8am – 8pm and Fridays, 8am – 4:30pm. The facility features a great line of senior friendly cardio and strength training equipment including treadmills, total body cross trainers, Espresso virtual reality recumbent bikes, upright bikes, recumbent stepper, rowing machine, and the Star Trac Human sport strength training system. The use of this room is free to all Monroeville/Pitcairn residents 65 years of age or older. Membership packages are available for adults 50-64 years of age and nonresidents age 60+.

The center offers a variety of fitness programs which include: Low impact aerobics, total fitness aerobics, interval training classes, yoga, zumba, line dancing, balance classes, strength training classes, monthly fitness clinics, nutritional counseling and personal training. The center is a certified site for both Silver Sneakers and Silver & Fit. These classes are offered daily, including Silver Sneakers CLASSIC, Silver Sneakers CIRCUIT, Silver Sneakers YOGA, and Silver & Fit Experience.

Department Standards:

- * During the course of the year, the Senior Citizens Executive Director and staff provide enjoyable, worthwhile programs for seniors.
- * Programs are planned to attract adults who are 50 years of age and older.
- * A bi-monthly newsletter is provided which lists all activities offered, along with important information pertaining to older adults.

Department Number: 8100

Department Name: Library

Department Description:

The Monroeville Public Library is ideally situated within the Gateway School District Campus, which includes the Gateway High School, Moss Side Middle School, and Dr. Cleveland Steward Jr. Elementary School. The purpose of the Library is to meet the informational, educational, technological, and recreational needs of the community by providing a variety of materials, services, and programs; and by maintaining an up-to-date, easily accessible, and useful collection of books, audiovisual media, periodicals, e-resources, and other materials. A Board of Directors is responsible for administering the Library; the Municipal Council appoints its members for three-year terms.

The Library encourages independent lifelong learning, exploration, and creation among all community residents -- from preschool youngsters to senior adults -- through the provision of special events, services, and resources. These include hands-on technology programs, book groups, games and crafts, travelogues and lectures, children's events, science presentations, and more, offered both onsite and off. The Library also has a significant collection of over 120,000 books, periodicals, pamphlets, maps, audiobooks, music CDs, DVDs and Blu-rays, and online access to e-books, e-audio, e-video, electronic periodicals, and more.

Department Standards:

- Special collections in the Library include an all-ages MakerSpace, job/career and college preparation centers, a teen room, a parenting collection, a business/financial reference section, new reader/literacy materials, local history and municipal materials. There are public access computer workstations in the Reference, Teen, and Children's departments for Internet browsing and word processing. The MakerSpace includes 3-D printers, a Silhouette Cutter, Makey Makeys, Raspberry Pis, Finch Robots, and design software Adobe Creative Suite, iMovie, and Garageband.
- The Library is fully automated and operates its own computer network which was integrated in 2011 with the countywide library catalog and electronic information network <eiNetwork> for library management and Internet access including wireless access. The Library has 27 public access computer workstations as well as a Website on the World Wide Web. Address: <http://www.monroevillelibrary.org> Electronic databases, which include the content of books, audiobooks, movies, music, newspapers, and magazines, as well as reference services, are available 24/7 through the website. In addition to the Library website, news and information on Library programs are available on Facebook (search Monroeville Public Library) and Twitter (search monpublib).
- Story hours for all ages, teen gaming activities, family activity events, travel programs, adult and teen book groups, an annual astronomy star party, technology/science-based activities and all-ages crafts, and a variety of programs of special interest to adults including health information, local history, theater groups, and musical concerts are held throughout the year.

Department Name: Cable TV - Municipal
TV Production

Department Description:

The Municipality of Monroeville operates the local government channel TV-15. Viewers can enjoy live municipal meetings, local events, and other services provided by the Municipality. In addition, State Representatives, Senators and Armed Services have programs televised on TV-15. The department documents accident scenes and fires for the Police and Fire Departments. They also assist the Code Enforcement, Engineering and the Public Works Departments through the use of video and photography. Various other projects include collaboration with the Senior Citizens' Center, the Monroeville Public Library and the Monroeville Parks and Recreation Department. The TV-15 Department ensures that the televised bulletin board is updated daily, which includes all local municipal programs and activities. The TV-15 daily schedule of programs is available on the Monroeville website.

In addition, the TV-15 Department produces the following shows:

- "Monroeville on the Move" with the Mayor
- "Monroeville At Your Service" with the Municipal Manager

DEBT SERVICE

This area represents the Municipality's annual obligation for the payment of principal and interest on long term debt.

Debt service allocations for 2017 include the 2010, 2010A, 2011, 2012A, 2012B and the Refunding Series of 2015 bond issues. Trustee's agent fees related to the Bond Issues are also budgeted.

The Municipality, as illustrated below, has a cautionary position in relation to total debt service expenditures. The debt financing opportunities open to the Municipality will be directly associated with our ability to continuously present such circumstances to those in the municipal credit market.

DEBT EVALUATION CRITERIA

<u>Criteria</u>	<u>Monroeville's Municipality 2017 Proposed Status</u>
1. Debt service should not exceed 10% of non-capital expenditures (General Fund)	11.59%
2. Per capita net debt of \$400 is desirable (population -28,386)	\$849.61

MUNICIPALITY OF MONROEVILLE
HOME RULE CHARTER
2017 BUDGET AND FISCAL MATTERS

Fiscal Year

The fiscal year of the Municipality of Monroeville shall begin on the first day of January and end on the last day of December of each year unless changed by Council or by law.

Submission of Budget and Budget Message

At least forty-five (45) days prior to the beginning of each fiscal year, the Manager shall submit to the Council a proposed budget for the ensuing fiscal year and an accompanying message.

Budget Message

The Manager's message shall explain the budget both in fiscal terms and in terms of programs. It shall outline the proposed financial policies of the Municipality for the ensuing fiscal year, describe the important features of the budget, indicate any major changes from the current year in financial policies, expenditures and revenues, together with the reasons for such changes, summarize the Municipality's debt position, and include such other material as the Manager deems desirable.

Budget

The Budget shall provide a complete financial plan of all municipal funds and activities for the ensuing fiscal year and except as required by the Home Rule Charter, shall be in such form as the Manager deems desirable or the Council may require. In organizing the budget, the Manager shall utilize the most feasible combination of expenditure classification by fund, organization unit, program, purpose or activity, and object. The budget shall contain, among other things, the following:

- A general summary of its contents;
- In detail, all estimated income indicating the existing and proposed tax levies, as well as other assessments, fees and charges;
- All proposed expenditures, including debt service, for the ensuing fiscal year;
- The number of proposed employees in every job classification;
- Comparative figures for actual and estimated income and expenditures for the current fiscal year and actual income and expenditures of the preceding fiscal year;

- Proposed expenditures during the ensuing fiscal year, detailed by offices, departments and agencies, in terms of their respective work programs and the methods of financing such expenditures;
- Proposed capital expenditures during the ensuing fiscal year, detailed by offices, departments and agencies when practicable and the proposed method of financing each such capital expenditure. The total of proposed expenditures shall not exceed the total of estimated income.

Public Record

The annual budget message, proposed budget and adopted budget shall be a public record and shall be available for public inspection after submission and prior to adoption and after adoption during regular business hours.

Publication

(a) The Council shall publish within a period of eight (8) days of receipt from the Municipal Manager, in one or more newspapers of general circulation in the Municipality, a general summary of the budget and a notice that the proposed budget is available for public view, also stating:

- The times and places where copies of the budget and the message are available to the public and;
- The times and places of the required public hearings on the budget and such other public hearings as the Council may decide to hold.

(b) Public Hearings: The Council shall hold a minimum of two (2) public hearings on the budget at which time residents of the Municipality may express their views on the proposed budget. The first such hearing shall not be less than fourteen (14) days nor more than twenty-one (21) days after the date of publication. The second public hearing shall not be less than seven (7) days nor more than fourteen (14) days after the first hearing.

Amendment of Budget

The Council may amend the budget by ordinance during the fiscal year for which the budget was adopted; provided however, that such amendment shall not result in expenditures exceeding the estimated income determined as of the time of the amendment.

Adoption of Budget

The Council shall adopt the budget as presented if amended, by ordinance on or before the thirty-first (31st) day of the twelfth (12th) month of the fiscal year currently ending. If it fails to adopt the budget by this date, the amounts

appropriated for current operation of the current fiscal year shall be deemed adopted for the ensuing fiscal year on a month-to-month basis, with all items in it are pro-rated accordingly, until such time as the Council adopts a budget for the ensuing fiscal year. Adoption of the budget shall constitute appropriations of the amounts specified therein as expenditures from the funds indicated and shall constitute a levy of the property tax therein proposed.

Payment of Funds

No payment of any funds of the Municipality shall be made unless provided for in the budget and specifically approved by the Council; provided however, that payroll and utility expenditures may be made at the direction of the Manager where based upon a prior ordinance or contract. All checks or drafts of the Municipality shall be signed by the Manager and shall be counter-signed by the Mayor. Disbursements of payroll checks or drafts containing imprinted signatures of the proper municipal officials or bank officials shall be permitted in connection with use of data processing equipment when contracted for with banking institutions; and machine imprinted signatures of the proper municipal officials may be used for disbursement of municipal checks or drafts provided such imprinting machines are designed for operation only by authorized personnel.

Capital Program

It is the intent of this Charter that the Council adopts long range plans and objectives to provide for the orderly growth of the Municipality. Plans and objectives shall be prepared for public review in the form of the Annual Capital Program Report. Such other capital expenditures for equipment with a useful life of less than two (2) years shall be part of the operating budget.

(a) *Submission to Council:* The Manager shall prepare and submit to the Council, a five-year (5) capital program at least three (3) months prior to the final date for submission of the budget.

(b) *Contents:* The capital program shall include:

- A clear general summary of its contents;
- A list of all capital improvements which are proposed to be undertaken during the five (5) fiscal years next ensuing with appropriate supporting information as to the necessity for such improvements;
- Projects which will result in major additions or changes to the Municipality, such as recreation and sanitation facilities or Roadways, shall be included in the program;
- Such other capital expenditures for equipment with a useful life of more than two (2) years;
- Cost estimates, methods of financing and recommended time schedules for each such improvement;

- The estimated annual cost of operating and maintaining the facilities to be constructed or acquired;
- The estimated annual amortization costs.

(c) *Publication and Council Action on Capital Program*

- **Publication:** The Council shall publish the proposed Capital Program immediately upon its receipt from the Manager.
- **Public Hearings:** The Council shall hold a minimum of one (1) public hearing on the proposed capital program, at which time residents of the Municipality may express their views on the proposed capital program. The public hearing shall be not less than twenty-one (21) days or more than thirty (30) days after the date of publication.
- **Method of Publication and Notice of Hearings:** The Council shall publish in one or more newspapers of general circulation in the Municipality, a general summary of the Capital Program, and a notice stating:
 1. The times and places where copies of a summary of the Capital Program are available to the public and;
 2. The times and places where a complete copy of the Capital Program along with accompanying maps, charts, reports, and other data are available for inspection by the public and;
 3. The time and place of the required public hearing on the Capital Program and such other public hearings as the Council may decide to hold.
- **Adoption:** The Council, by resolution, shall adopt the Capital Program with or without amendment, after the public hearing and on or before the last day of the ninth (9th) month of the current fiscal year.
- The above information may be revised and extended each year with regard to capital improvements still pending or in the process of construction or acquisition. Council shall annually issue a public report on the status of the Capital Program, to be given prior to the adoption of the annual budget.

Independent Audit

Appointment and Term: The Mayor with the advice and consent of Council shall appoint an independent auditor who shall be a certified public accountant or firm

of certified public accountants, who shall have no personal interest, direct or indirect, in the fiscal affairs of the Municipality or any of its officers.

The auditor shall be appointed for a term not to exceed three (3) years provided that the designation for any particular fiscal year shall be made no later than thirty (30) days after the beginning of the fiscal year.

Power and Duties of the Auditors

(a) The auditors shall audit, settle and adjust the accounts of all Municipal officers and other officers and persons receiving and disbursing or authorizing the disbursement of the monies of the Municipality during the preceding fiscal year.

(b) The auditors shall complete their audit settlement and adjustment and file copies thereof with the Municipal Manager and the Department of Community Affairs and the Pennsylvania Department of Transportation not later than ninety (90) days after the end of the fiscal year. Said report shall also show a complete statement of the financial conditions of the Municipality, with the character and value thereof and the date of maturity of the respective forms of funded debt thereof.

(c) The amount of any balance or shortage, or of any expenditure of a kind or made in a manner prohibited or unauthorized by law, which causes financial loss to the Municipality, shall be a surcharge against any officer against whom such balance or shortage shall appear, or who by vote, act, neglect has permitted or approved such expenditure.

(d) The auditors shall cancel all orders and vouchers presented to them which they find have been paid by writing or stamping the word "audited" on the face thereof.

(e) The auditors shall within ten (10) days after completion of their audit, publish by advertisement in at least one (1) newspaper of general circulation in the Municipality, a concise financial statement of municipal fiscal matters such as to comply with the provisions of all Acts of the General Assembly relative thereto.

(f) It shall be lawful for the Municipality or any taxpayer thereof, on its behalf, or any officer whose account is settled or audited to appeal from the settlement or audit, as shown on the auditor's report, to the Court of Common Pleas of the County, not later than sixty (60) days from date of publication referred to in the preceding paragraph.

(g) Any balance, in any report of the auditors, against any officer of the Municipality, shall constitute a surcharge and, unless appeal is taken as heretofore provided, the auditors shall cause same to be entered in the office of the Prothonotary as a judgment against such officer in favor of the Municipality.

(h) Judgments entered by the auditors or the court, after hearing an appeal, may be enforced by appropriate proceedings, by the party prevailing.

Fidelity Bonds

Before entering upon the duties of their respective offices or positions, the Municipal Manager and the Tax Collector, as well as any other officer, agent or employee of the Municipality as Council may determine, shall execute and file with the Municipality corporate surety bonds in such sums as shall be fixed by the Council. Each bond shall be joint and several, with one or more corporate sureties which shall be surety companies authorized to do business in the Commonwealth of Pennsylvania and duly licensed by the Insurance Commissioner of said Commonwealth.

Each bond shall be conditioned upon the faithful discharge by the officer, the clerks, assistants and appointees of all trusts confided in them by virtue of their office, upon the faithful execution of all duties required of them by virtue of their office, upon the just and faithful accounting or payment over, according to law, of all monies and all balances thereof paid to, received or held by virtue of the office and upon the delivery to the successor or successors in office of all books, papers, documents or other official things held in right of the office. All such bonds and sureties thereon, before being accepted by the Municipality, shall be determined by Council and the premium thereof shall be paid by the Municipality. Such bonds may provide for one or more additional obliges in the event that the officer bonded is acting in a dual or similar capacity with other political subdivisions or governmental or quasi-governmental entities.

2016 BUDGET**

GLOSSARY

ACTIVITY	A specific and distinguishable line of work performed by one or more organizational components of a government for the purpose of accomplishing a function for which the government is responsible.
ACTIVITY CLASSIFICATION	Expenditure classification according to the specific lines of work performed by organizational units.
ALLOCATION	A part of a lump-sum appropriation which is designated for an expenditure by specific organizational units and/or for specific purposes, activities, or objects.
ANNUAL OPERATING BUDGET	A plan of financial operation approved by the Municipal Council embodying an estimate of proposed expenditures for a given fiscal year and the proposed means of financing them.
APPROPRIATION	A legal authorization granted by Municipal Council to make expenditures and to incur obligations for specific purposes. A general fund appropriation is limited in amount and as to the budget year when it may be expended.
ASSESSED VALUATION	A valuation set upon real estate or other property by a government as a basis for levying taxes.
BUDGET	See ANNUAL OPERATING BUDGET .
CAPITAL OUTLAY	This account includes land, buildings, bridges, streets and sewers, sidewalks and equipment of all kind expected to have a remaining life of more than one year; are fixed assets when defined as items of more or less permanent property necessary to the operation of the Municipality; must not be consumed or materially reduced in value in their use; must have a unit cost of \$5,000.00 or more.

**MUNICIPALITY OF MONROEVILLE
2016 BUDGET**

CAPITAL PROGRAM	A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long-term work program or otherwise. It sets forth each project or other contemplated expenditure in which the government is to have a part and specifies the full resources estimated to be available to finance the projected expenditures.
COMMODITIES	This account includes expenses for supplies, small tools, materials, and repair parts for equipment used by the Municipality in its various activities.
CONTRACTUAL SERVICE	This account includes expenses for services resulting from a contract performed for the Municipality by individuals and business concerns, as distinguished from such work and services performed by employees on the Municipality's payroll, as long as the services do not result in a permanent asset.
DEBT SERVICE	The payment of general long-term debt principal and interest incurred by the Municipality.
DEFICIT	The excess of expenditures over revenues during an accounting period.
EXPENDITURES	Decreases in net financial resources. Expenditures include current operating expenses which require the current or future use of net current assets, debt service, and capital outlays.
FISCAL YEAR	The 12 month period between January 1st and December 31st to which the annual operating budget applies and at the end of which a government determines its financial position and the results of its operations.
FUNCTION	A group of related activities aimed at accomplishing a major service or regulatory program for which a government is responsible. For example, public safety is a function.
FUND	A fiscal and accounting entity with a self balancing set of accounts recording cash and other financial resources, together with all related liabilities or balances and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in

accordance with special regulations, restrictions, or limitations.

FUND TYPE	In governmental accounting, all funds are classified into eight generic fund types: General, Special Revenue, Debt Service, Capital Projects, Enterprise, Internal Service, and Trust and Agency.
GENERAL FUND	The fund used to account for all financial resources except those required to be accounted for in another fund. The General Fund is supported by taxes and fees.
GENERAL OBLIGATIONS BONDS	Bonds for the payment of which the full faith and credit of the issuing government are pledged.
NON-GOVERNMENTAL DISBURSEMENT	This account includes transfers to other refunds.
OBJECT OF EXPENDITURE	This term applies to the article purchased or the service obtained, as distinguished from the results obtained from expenditures.
OBJECT CLASS	Expenditure classification according to the types of items purchased or services obtained; for example, personnel services, contractual services, and commodities.
OBLIGATION BONDS	See GENERAL OBLIGATION BONDS .
OPERATING EXPENSE	Expenses which are directly related to the fund's primary service activities.
PERSONNEL SERVICES	This account includes salaries and wages of employees on the Municipality's regular or temporary payroll.
PROGRAM	A group of related activities performed by one or more organizational units for the purpose of accomplishing a function for which the Municipality is responsible.
REVENUES	Increases in governmental fund type net current assets from other than expenditure refunds and transfers.
SHORT TERM DEBT	Debt with a maturity of five years or less after the date of issuance; for example, tax anticipation notes and bond issue notes

**MUNICIPALITY OF MONROEVILLE
2016 BUDGET**

SUBFUNCTION	A grouping of related activities within a particular government function. For example, "police" is a sub function of the function "public safety".
SURPLUS	The excess of revenues over expenditures during an accounting period.
TAX RATE	The amount of tax stated in terms of a unit of the tax base.
TRADITIONAL BUDGET APPROACH	A budget which emphasizes input by organizational units and by objects of expenditure within each organizational unit. To the extent that the organizational unit is concerned with a single program, this approach automatically tends to become a program type budget.
WORK PROGRAM	A plan of work proposed to be done during a particular period by the administrative agency in carrying out its assigned activities.

SCHEDULE 14

DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT

December 31, 2015

(AMOUNTS EXPRESSED IN THOUSANDS)

Governmental Unit	Debt *** Outstanding	Estimated Percentage Applicable*		Estimated Share of Overlapping** Debt
Debt repaid with property taxes				
Municipality of Monroeville	24,117	100.0%		\$24,117
Other debt				
Gateway School District	50,382	96.80%	a	48,770
Allegheny County	857,149	4.13%	a	35,428
Subtotal-overlapping debt				84,197
Total direct and overlapping debt				\$ 108,314

*For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable assessed value that is within the Municipality's boundaries and dividing it by each unit's total taxable assessed value.

**Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the Municipality. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the Municipality. This process recognizes that, when considering the Municipality's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt of each overlapping government.
